

Project Demo Planning

Date: 30 September 2026 | Team ID: Not provided |
Team Size: 5

Project Name: ComicCraft – AI Comic Story Creator Using Gemini Models

Team Leader: Bala Esakki R

Team Members: Sandhiya, Anitha, Anbuselvi, Rithikaa

Phase	Preparation	Owner
Environment Check	Python environment, dependencies, API key and application launch.	Bala / development member
Feature Rehearsal	Practice story generation, panel review and download.	All members
Backup	Keep a known-good generated sample and screenshots available.	Anitha / Rithikaa
Technical Explanation	Prepare architecture, Gemini integration and prompt-engineering explanation.	Sandhiya / Anbuselvi
Q&A	Prepare answers on limitations, security, model choice and future work.	Whole team

Demo readiness checklist

- No API key is exposed on screen or in source control.
- Internet connection is available if Gemini API is used live.
- The exact submitted source has been tested from a clean environment.
- The team can explain which features are implemented versus proposed.
- A backup demonstration is available.
